RetractaView™

RetractaView™

Enjoy a breath of fresh air in style with RetractaView™ by Wizard. RetractaView™ is the premium retractable screen door that allows you to accessorize your home without compromising its appearance and functionality. Wizard has used their 15 years of experience to build the best retractable screen on the market.

Key Features & Benefits

- ★ Protection from Insects
- ★ Disappears While Not in Use
- ★ Custom Made
- ★ Professionally Installed

Applications

- ★ Standard Doors
- ★ Sliding Doors
- ★ French Doors
- ★ Any Opening

Warranty Information

Wizard stands behind our product by offering a limited lifetime warranty.

Product Benefits

No more bugs!

Who wants creepy critters setting up shop in their home? Stop mosquitos, blackflies, wasps and others from interfering with your health and comfort. RetractaView™ offers a solid line of defense against these unwanted house guests.

Increased Ventilation

Wizard products provide total top to bottom air ventilation through your doors. Increased air flow in a home is proven to be good for your health and can help prevent toxic mold build up.

Energy Savings

Air conditioning costs go down when you use open doors as the primary method of cooling your home.

UV Protection

RetractaView puts a layer of protection between you and the sun's harmful UV rays. This keeps you safe. UV rays are the largest single factor in fading.

Appealing Design

RetractaView™ has been designed to look amazing while open or closed. You want a product that looks as great as your home does and we are more than happy to provide that.

**YOU'LL
FORGET
IT'S
THERE
WE WANT TO BE IGNORED**

RetractaView™ truly disappears while not in use. Our housing and pull bar use modern design as their inspiration. They are beautifully crafted with elegant curves and angles that don't just match your home, they become part of it. RetractaView™ is a premium home accessory.

WE'VE GOT IT HANDLED

A FOCUS ON ERGONOMICS

The handle is what a RetractaView™ owner comes into contact with the most. The door is operated by this integral part and the retractable screen industry seems to have forgotten this. Wizard finds it hard to believe our competitors even have hands given the awkward grips required to open their doors. By taking close study of the way a human hand is built, Wizard was able to design an extremely ergonomic handle. It's easy to use, even for those with arthritis.

Great design follows great function. The aesthetics of the RetractaView™ handle are unbeaten. Our contemporary design blends seamlessly into your home.

WIZARD HAS THE PULL

GLIDE SMOOTH & SEAMLOCK

Our pull bar ushered in technology that really changed the game. Since its introduction our Glide Smooth technology has been imitated, but never replicated. Our pull bar uses unique silicone injected end caps that give RetractaView™ its incredibly smooth operation .

RetractaView™ uses Seamlock technology that keeps our meshing secured tightly in place. Even in incidents of accidental contact.

BEAUTIFUL ON THE INSIDE

QUALITY COMPONENTS

RetractaView™ is built using the highest quality components. Our parts are sourced from industry leaders with solid proven track records. We don't fool around or cut corners when it comes to our end product. We offer a lifetime warranty but have no interest in our customers having to use it. We work with Domicet Springs, Phifer™ Meshing and Sappa™ Aluminum to guarantee that your RetractaView™ is a superior retractable screen.

RetractaView Details

WARRANTY INFORMATION

Wizard Industries Inc. offers a Limited **Lifetime Warranty** on all components, excluding screen mesh, speed reducers and wood grain finishes, to the original purchaser of the RetractaView Screen from the date of installation. This warranty is non-transferable and will remain intact for the original purchaser provided the product was installed by an Authorized Dealer and/or factory trained installer and has not been moved or altered in any way. Wizard's Optional Speed reducers carry a **1 year warranty** and Wood Grain finishes carry a **10 year warranty**.

Wizard warrants the components shall be free of defects in materials and workmanship. "Defects" are defined in this warranty as imperfections that impact on the utility of the retractable screen. Wrinkles in the mesh or puckering along its edges in itself does not constitute a defect.

Defective components will be replaced free of charge for up to one year from the date of installation. After one year, Wizard will provide replacement components at no charge, but a service installation charge will apply.

The Limited Warranty does not include components that have been damaged by misuse, abuse, unauthorized repair or modification of the screen; normal weathering, fading, scratching, airborne or applied corrosive contaminants, acts of God or other causes beyond the control of Wizard Industries Inc.

If a component is defective, please contact your local authorized Wizard Retractable Screen dealer for service. A warranty card is included with every Wizard Retractable Screen and should be completed by the dealer/installer and kept by the customer as proof of purchase. Proof of purchase is required when submitting a warranty claim.

Maintenance

To obtain the best results and to maintain your screen in good working order the following tips and procedures should be observed.

1. To ensure continued smooth operation of the moving parts of your retractable screen, we recommend keeping a can of dry silicone spray on hand. Spraying the top and bottom rails, after cleaning, will keep them lubricated and free of dirt.
2. Be sure not to use corrosive cleaners, as they may damage the painted finish.
3. To clean the mesh we suggest vacuuming it with an upholstery brush, being careful not to snag the screen material.
4. When not in use, we advise that you retract your screen into the protective housing.
